G E N O A, March 3.

Y Letters from Spain, we learn, that the Court of Madrid has ordered several Companies of different Regiments of Infantry to hold themselves in readiness for the Coast of Africa, as they have received Intelligence, that the Moors, notwithstanding the bad Success of their Enterprize against the Fortres of Oran, are again determined to attack the Spanish Garrisons in those Parts.

L O N D O N, March 7.

We hear that a noble Lord still continues to urge the Expediency of demanding a categorical Answer from the Courts of France and Spain, relative to the Object of their present warlike Preparations in Europe, Asia, Africa, and America.

March 8. A patriotic Member observed on Monday, when a Motion was made to postpone the further hearing of American Affairs, that it was much to be apprehended they would put the Business off once too often.

We are sorry to inform the Public, as we can from good Authority, that it is now found impossible for the Government of this Country to satisfy the Americans while any Regard is paid to the Honour and Majesty of Great-Britain. It is at length clear that no Repeal of any former Laws, which they considered as Vexatious to them, will satisfy the Demands of the trans-atlantic Patriots; nothing less than a formal Disavowal and Renunciation of the Mother Country's having any Right to Tax her Colonies at all, will it seem to be accepted as a Step towards other Accommodations; and if the British Parliament subsist, we may reasonably suspect, that the Day is not very far off when America will assume a Right to tax England.

Immediately after the Vote of the House of Commons passed, respecting the American Affairs, six Ships sailed home in Ballast, that in all Probability would have been laden with our Manufactures, to the Amount of at least 150,000l. in case the Determination had been answerable to the Wishes of the Colonists.

We hear that in Consequence of some Advices received from Madrid, George Pitt, Esq; will set out on his Embassy to the said Court, much sooner than was at first intended.

The Parliament we hear, will not be prorogued 'til June.

A Letter from Toulon mentions, that Mons. Bonaparte had received Orders to put to Sea with several Men of War and Frigates; and it was given out that their Destination was for the Coast of Barbary.

It is positively asserted that the Land Forces of the Spaniards posted at the Havannah amount to 12,000 Men, besides a Fleet well manned, stationed there, ready to act on the shortest Notice.

March 9. We are informed by a Gentleman lately arrived from the Continent, that about Five Weeks ago there were 26 Ships of War at Cadiz, near 20 of which are Ships of the Line, ready to put to Sea at Two Hours Notice, and several of their Sails were actually bent; and that there were near the same Number in the Caracass, that would be ready to go to Sea in a Week.

Lord Chatham in his Speech on Friday last, the 2d of March, Inf. observed, "That he would tell the warmest Friends of America, that they had gone too great Lengths, and pushed Matters much too far. How far they intended to proceed, he was at a loss to determine, but thus much he would assert, and abide by, that if America was determined to set at Defiance all the Acts of Trade and Navigation of this Country, they would not be able to find in this Kingdom, a more determined Opposer."

One of the Noblemen mentioned to Court, to be present on the Delivery of the City Remonstrance, was asking another Noblemen what they were sent for there; to which he replied, "Why to be sure, my Lord, to have a Sight of the famous Castle." "Nay, my Lord, (interrupted the other) if I may judge of some of our Nobility, whom I see amongst us (looking earnestly at a noble Duke) I should rather imagine the Citizens came here for this Purpose."

March 11. We are informed, that if any more Notice should be taken of Lord Chatham's Words in the House of Peers, respecting the Dismission of the late Lord Chancellor (Camden) that these Two Noblemen have to encounter Motions as to produce Proofs of the Truth of his Assertion.

It is reported, that in a Conference his Majesty had lately with Lord Chatham, that Nobleman told him, that he should think himself obliged at all Times to stand up in Defence of his Majesty's just Rights; but

Extract of a Letter, by the last Mail, from the Hague, to a Merchant of this City, dated February, 27.

"Things are carrying on here in such a Manner, that it is not doubted but a War in Europe is near at Hand; for it remains no longer a Secret that the French and Spanish Ambassadors have both strongly solicited the States General for their Assistance, in case either of their Principals should be attacked; but this has absolutely been refused; whereupon they were as strongly pressed to observe a strict Neutrality, which I believe is most agreeable to the Dutch in general, as thereby they will enjoy the Benefit of Trade. On the other Hand, the King of Prussia seems (by the Demands he has made) to think, that if a War should break out, it will be incumbent on us to take Part in it; on which Account we have augmented our Forces, both by Sea and Land, that we may be prepared for the Event."

March 19. We hear a Detachment from the Regiments of Artillery at Woolwich, will be embarked for Jamaica, as soon as the necessary Transports shall be got ready.

Orders are sent to the Carron Water Manufactory, in Scotland, for a large Number of Ship Cannon, Field-Pieces, Mortars, &c. to be got ready as soon as possible.

By Letters from Warsaw we are told, that in the late bloody Action between the Russians and Confederates near Dobra, in the Palatinate of Kallisch, most of the Chiefs of the latter were slain, and amongst them the Count Zawoyki, who had served in France under Marshal Saxe, and was greatly regretted.

The Genoese pretend to have lost Three Millions by the late Arrangements in the French Finances.

Letters from Holland by the last Mail bring an Account, that upwards of Twenty Sail of Dutch Ships, were lost on the Coast of France, in the Storm of Wind which began the 18th Ult. and continued blowing for several Days after.

Authentic and Circumstantial Detail of what passed in a certain POLITICAL CLUB on Friday.

Lord C——m.

THE Civil List is appropriated in the First Place to the Support of the Civil Government, and in the next, to the Honour and Dignity of the Crown; in every other Respect the Minute and particular Expenses of the Civil List are as open to Parliamentary Examination and Enquiry, in regard to the Application and Abuse, as any other Grant of the People, to any other Purpose: And Ministers are equally or more culpable for incurring any unprovided Expence, and for running in Arrear this Service, as for any other. The Preambles of all the Civil List Acts prove this, and none but Children, Novices, or Ignorants, will ever act without proper Regard to it: And, therefore, I can never consent to increase fraudulently the Civil Establishment under Pretence of making up Deficiencies, nor will I ever bid so high for Royal Favour; and the Minister who is bold enough to spend the People's Money, before it is granted, (even though it were not for the Purpose of corrupting their Representatives) and thereby leaving the People of England no other Alternative, but either to disgrace the Sovereign by not paying his Debts, or to become the Prey of every unthrifty and corrupt Minister, such Minister deserves Death.

"This comes to acquaint you, that after a long and troublesome Journey of eight Days (from Vigo) we got here, and are imprisoned in an Island separate from the Town, and have not spoke to the Consul General, nor the Vice Consul, nor any other Person; neither are they suffered to come and see us. We come here very wet, and were put in Prison in that Condition; we had nothing to lie on but a bare Floor for three or four Days, and now have a Ruffful of straw, which is as dear as Feather in England. Yesterday a grand Entertainment was given by the

Lord Mayor, at the Mansion House, at which were

The Committee proceeded to take into their Consideration, the Cargo consigned to Archibald Campbell, amounting to £. 705 : 12 : 10 Sterling; and after a diligent Inspection of the Invoice and Shop Notes, were of Opinion, that the following Goods, viz. 8 Pieces Calico, 1 Filtering Stone, 208lb. White Lead, 208lb. Spanish brown, 39rs. 24lb. yellow Oaker, and 64lb. green Paint, were imported contrary to the Association of this Province, entered into the 22d June last.

The Committee were also of Opinion, that the following Goods, viz. 8 Pieces Calico, 1c. 24rs. 6lb. White Lead, and 36lb. green Paint, in the Cargo consigned to James Jordan, amounting to £. 544 : 17 : 4 Sterling, were imported contrary to the said Association.

The Committee after a diligent Perusal of the Invoice of the Cargo consigned to John Masson, amounting to £. 297 : 8 : 8 Sterling, were of Opinion, that the following Goods, namely, 2 Doz. and 2 a Gallon Jars and Butterpots, 1 Doz. and 4 1 Gallon ditto, 3 Doz. 3 Quart ditto, 1 Doz. 2 Quart ditto, and 4 Pair Scales and Weights, were also against the said Association.

The Committee had the Satisfaction to observe, from the Perusal of the Invoice of the Cargo consigned to John Briscoe, that there was not one Article in the same contrary to the Association. They however were sorry to observe, that the said John Briscoe had imported by Capt. McKirdy, 4 Pair of Shoes, contrary to the said Association. The Committee also took into their Consideration, sundry Invoices of Cargoes, by the Elligood, Capt. Howe, from Glasgow, and consigned by James Gordon and Co. and Alexander Cunningham and Co. Merchants in Glasgow, to the said James Jordan, Archibald Campbell, and John Masson; and the Committee, after a careful Perusal of the same, were of Opinion, that there were not in the said Cargoes, any Goods contrary to the said Association, but the following Articles in the Cargo consigned to the said John Masson, viz. 3 Pieces Tammy, 4 Doz. Lawn Handkerchiefs, 1 Ream Callender Paper, 3 Doz. Shammy Breeches and 1 Piece Durant.

It gave the Committee some Pleasure to observe, from Copies of Letters read to them, that the said James Jordan, and Archibald Campbell, (tho' not Associates) had written last October to James Gordon and Co. Merchants in Glasgow, their Constituents, warmly advising them against sending into this Province, any Goods contrary to the Association of the People here. The Committee had also the Satisfaction to observe, by Letters from the said James Gordon and Co. in answer to the said Advice, that they had come to the Resolution of sending into this Province, no Goods against the Association thereof, until the Act of Parliament laying a Duty upon Tea, Glais, &c. should be repealed; and also by Letters from Messrs. Alexander Cunningham and Co. to the said John Masson, it appeared to this Committee, that they had also come to the same Resolution. Upon the whole it appeared to the Satisfaction of the Committee, that the said James Gordon and Co. and Alexander Cunningham and Co. had no Intention of counteracting the said Association; and the Committee was humbly of Opinion, that the said James Jordan, Archibald Campbell, and the sundry Articles consigned to John Masson, were shipped rather through Inadvertency than Design.

The Committee therefore resolved, that the said Articles, so imported contrary to the said Associations, should be landed with the Cargoes aforesaid, upon this express Proviso, that the several Gentlemen to whom the several Articles aforesaid are consigned, should re-ship the same by the first convenient Opportunity, under the Inspection of a Special Committee appointed for that Purpose. To which the said James Jordan, Archibald Campbell, John Masson, and John Briscoe, assented.

ANNAPOLIS, MAY 24, 1770.

TO BE SOLD.

A LIKELY young Negro Man, about Twenty-three Years of Age, has worked at the Blacksmiths Business about 9 or 10 Years, is a good Tradesman, very active, supple, and an orderly well behaved Fellow, sold for no Fault, only that his Master declines the Business. Enquire of the Printer.

THE Manufacturer of TOBACCO and SNUFF, at *Bladenburg*, once more addresses the Public, but particularly the Gentlemen Merchants, Factors, &c. acquainting them, that he is desirous to furnish them with Snuff, in the Wholesale Way, and to prevent Disappointments, he requests them to send their Orders to him as soon as possible, for it is highly probable he may enter into such Engagements, as will effectually hinder his supplying them with the Quantities they may want.

It may not be improper to acquaint those Ladies and Gentlemen who live remote from the Manufactory and are desirous of becoming Customers, that he makes plain Scotch, Rappee, Spanish, and high Toast Snuff, and many Sorts of those different Kinds. In these Times of Oppression, when Patriotism is the Theme of every Lover of his Country, it is hoped that the Want of Bottles will be no Obstacle to the Sale of his Snuff, which he purposes to pack up in Country made Pots, when his present Stock of Bottles is exhausted.

He has the Pleasure to acknowledge himself much obliged for the Favours received from his good old Customers, and is anxious to merit a Continuance of their Correspondence with,

Their very humble Servant,

RICHARD THOMPSON.

It is said a certain Paper was, on Monday, censured by a very high Assembly.

The following is an Extract of a Letter from a Passenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groynne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

"This comes to acquaint you, that after a long and troublesome journey of eight Days (from Vigo) we got here, and are imprisoned in an Island separate from the Town, and have not spoke to the Consul General, nor the Vice Consul, nor any other Person; neither are they suffered to come and see us. We came here very wet, and were put in Prison in that Condition; we had nothing to lie on but a bare Floor for three or four Days; and now have a Bedstead of Straw, which is as dear as Feathers in England. These are the Hardships which we now undergo, and what we shall suffer more God only knows. I know not. My Service to the Consul at Vigo. When you write to me, please to

be in Demand at present; as in those Days neither my L^d G^l, nor my L^d S^l, nor my L^d W^l, nor even R^l or K^l, would have had much Chance for Employment.
